ATTESTATION REPORT OF THE REGISTERED PUBLIC ACCOUNTING FIRM

The *Report of Independent Registered Public Accounting Firm* on the Company's internal control over financial reporting as of December 31, 2015 on page 91 of Exhibit 99.2: Management's Discussion and Analysis and annual audited consolidated financial statements, together with the reports of independent registered accounting firm, is incorporated by reference herein.

CHANGES IN INTERNAL CONTROL OVER FINANCIAL REPORTING

The disclosure provided in Management's Discussion and Analysis under the heading *Changes in Internal Control over Financial Reporting and Disclosure Controls and Procedures* on page 75 of Exhibit 99.2: Management's Discussion and Analysis and annual audited consolidated financial statements, together with the reports of independent registered accounting firm, is incorporated by reference herein.

AUDIT COMMITTEE FINANCIAL EXPERT

The Board of Directors of Rogers Communications Inc. has determined that the Company has at least two "audit committee financial experts" (as defined in paragraph 8(b) of General Instruction B of Form 40-F) serving on its Audit and Risk Committee. The "audit committee financial experts" are C. William D. Birchall and John H. Clappison. Mr. Birchall has been determined by the Board to be an independent director as such term is defined under the Canadian Securities Administrators' National Instrument 52-110 (Audit Committees) and the standards of the U.S. Securities and Exchange Commission and the New York Stock Exchange relating to the independence of audit committee members. Mr. Clappison's son-in-law is a partner at KPMG LLP, the auditors of the Company, and therefore Mr. Clappison is deemed to be a non-independent director under the New York Stock Exchange Listing Standards. However, Mr. Clappison's son-in-law has no involvement in the audit of the Company and Mr. Clappison has been determined by the Board to be an independent director as such term is defined under National Instrument 52-110, which is the Canadian corporate governance rule that applies to the Company. Under the rules of the U.S. Securities and Exchange Commission and the Public Company Accounting Oversight Board (United States), such relationship does not impair the independence of KPMG LLP. The Board's designation of Mr. Birchall and Mr. Clappison as audit committee financial experts does not impose on them any duties, obligations or liability that are greater than the duties, obligations and liability imposed on them as a members of the Audit and Risk Committee and Board of Directors in the absence of such designation or identification. In addition, the designation of Mr. Birchall and Mr. Clappison as "audit committee financial experts" does not affect the duties, obligations or liability of any other member of the Audit and Risk Committee or Board of Directors. See also *Item 17 – Audit and Risk Committee* on page 33 of the Company's Annual Information Form, attached as Exhibit 99.1 and incorporated by reference herein.

CODE OF CONDUCT AND ETHICS

The Company has adopted a Directors Code of Conduct and Ethics that applies to all directors and Business Conduct Policy that apply to all directors, officers and employees (the Codes). The Codes have been posted on the Rogers website under the Corporate Governance section at rogers.com/investors. A copy of the Codes will also be provided upon request to Investor Relations, 333 Bloor Street East, 10th Floor, Toronto, Ontario, M4W 1G9.

For the year ended December 31, 2015, none of the Company's audit-related fees, tax fees or all other fees described in the table above made use of the de minimis exception to pre-approval provisions contained in Rule 2-01 (c)(7)(i)(C) of U.S. Securities and Exchange Commission Regulation S-X or Section 2.4 of the Canadian Securities Administrators' National Instrument 52-110 (Audit Committees).

The following is the pre-approval process:

1. Annually the Company will provide the Audit and Risk Committee with a list of the audit-related and non-audit services that may be provided by the auditor during the year to the Company. The Audit and Risk Committee will review the services with the auditor and management, considering whether the provision of the service is compatible with maintaining the auditor's independence.

2. Management may engage the auditor for specific engagements that are included in the list of pre-approved services referred to above if the estimated fees do not exceed $500,000 per engagement per quarter.

Following a year of double-digit audience growth and record-setting ratings, for the first time in its 17-year history, more Canadians tuned in to Sportsnet channels than to the competition. In October 2015, driven by our Toronto Blue Jays' unforgettable 2015 MLB Postseason and the launch of the 2015-2016 NHL season, Sportsnet recorded its best month ever - and the best month ever for a sports TV network in Canada - for audience share, based on data collected by Numeris.

We also divested certain non-contiguous AWS-1 spectrum licences to WIND Mobile Corp.

- Augmented our extensive 2500 MHz spectrum holdings during the recent 2500 MHz spectrum auction. We successfully executed a tactical fill-in and top-up strategy to acquire nearly our entire allowable spectrum at an average cost of $0.10/MHz/pop, lower than other auction participants. We now hold 40 MHz of contiguous, paired 2500 MHz spectrum across nearly all of Canada, as well as an additional 20 MHz of unpaired 2500 MHz spectrum in many key population areas.

Go to Market as One Rogers

- Successfully worked as one company, showing we can bring our entire team together to achieve our goals. We demonstrated this through the successful launch of our NHL Agreement, utilizing Wireless, Cable, and Media to bring the NHL to Canadians, and our launch of new initiatives such as Roam Like Home and Rogers IGNITE, while delivering more value with offerings such as Spotify Premium, shomi, and VICE.

Focus on Innovation and Network Leadership

- Secured "beachfront" spectrum consisting of two 12 MHz blocks of contiguous, paired lower 700 MHz band spectrum covering the vast majority of the Canadian population. This prime spectrum was the most sought after and is the spectrum Rogers went into the auction intending to win for its customers. Our $3.3 billion investment was in line with recent 700 MHz spectrum transactions in the US. We have now deployed this spectrum in rural and urban communities in Ontario, British Columbia, Alberta, Quebec, New Brunswick, Nova Scotia, and Prince Edward Island, delivering the ultimate mobile video experience to Rogers customers while carrying wireless signals deep into basements, elevators, and in buildings with thick concrete walls.

- Continued our expansion of Canada's first wireless LTE 4G broadband network. Our network covered approximately 84% of the Canadian population as at December 31, 2014. We continued to offer a large selection of LTE devices and became the first carrier in North America, and one of the first in the world, to offer international LTE roaming to wireless customers.

- First Canadian carrier to launch LTE-Advanced, now available in various communities across Canada. This next evolution of LTE wireless technology combines Rogers' 700 MHz and AWS spectrum, so customers can download and live stream high quality video in more places on mobiles and tablets. LTE-Advanced was launched in Vancouver, Edmonton, Calgary, Windsor, London, Hamilton, Toronto, Kingston, Moncton, Fredericton, Halifax, and Saint John.

- Signed a Partner Market agreement with Vodafone to become its partner in Canada. The agreement extends Vodafone's international experience, innovation, and scale to Rogers in the Canadian market to generate a number of revenue, cost saving, and product opportunities.

- Recognized for the second straight year by PCMag.com, Rogers' LTE network was named in September 2014 as the fastest downstream mobile network in Canada. PCMag.com also recognized Rogers as Canada's fastest broadband Internet service provider.

Go to Market as One Rogers

- We streamlined the organization to allow us to be more agile and ensure senior leadership is closer to customers and front-line employees. We've aligned to go to market with our products and services in more disciplined and coordinated ways. We are using more cross-functional, multi-departmental teams from all parts of the business on go-to-market projects as we've demonstrated with our 12-year NHL Agreement.

- Unveiled a next generation TV experience with NextBox 3.0, giving viewers access to record up to eight HD programs at one time and store up to 240 hours of HD content. The NextBox 3.0 experience includes whole-home PVR capability and becomes a wireless TV experience allowing viewers to navigate their cable guide, use a virtual remote, set PVR recordings, and live stream channels all from a tablet or smartphone while at home or away.

- Rogers was named both the fastest broadband Internet service provider and the fastest wireless network in Canada in October 2013 by PCMag.com, a leading US-based technology website.

- SamKnows, an independent broadband performance company, stated through in-home testing in May 2013 that we delivered, on average, 100% or more of our advertised download speeds on our most popular Internet packages, better than most providers in the US and Europe that were tested.

- Our TV experience was significantly enriched with the launch of our Recommendations App for NextBox, giving customers access to personalized live, rental, on-demand, and previously recorded program recommendations displayed on their TV screens. A Canadian cable industry first, the application recommends similar programs based on what customers are viewing, helping Canadians explore and uncover more programming that appeals to their individual tastes.

ITEM 6.1 – DIVIDENDS

The information under the heading "Dividends" contained on page 64 of our MD&A for the year ended December 31, 2015 is incorporated herein by reference.

ITEM 7 – Description of Capital Structure

ITEM 7.1 – GENERAL DESCRIPTION OF CAPITAL STRUCTURE

The information required under the heading General Description of Capital Structure is contained in the 2015 Audited Consolidated Financial Statements, Note 24, and is incorporated herein by reference.

Each Class A Voting share of RCI carries the right to fifty votes on a poll and may be voted at the meetings of shareholders of RCI. Holders of Class B Non-Voting shares and any series of preferred shares of RCI are entitled to receive notice of and to attend meetings of shareholders of RCI, but except as required by law, are not entitled to vote at such meetings. If an offer is made to purchase outstanding Class A Voting shares, there is no requirement under applicable law or RCI's constating documents that an offer be made for the outstanding Class B Non-Voting shares and there is no other protection available to holders of Class B Non-Voting shares under RCI's constating documents. If an offer is made to purchase both Class A Voting shares and Class B Non-Voting shares, the offer for the Class A Voting shares may be made on different terms than the offer made to the holders of Class B Non-Voting shares.

ITEM 7.2 – CONSTRAINTS

RESTRICTIONS ON THE TRANSFER, VOTING, AND ISSUE OF SHARES
We have ownership interests in several Canadian entities licensed or authorized to operate under applicable communications laws (the Laws) including the:

- Broadcasting Act (Canada);
- Telecommunications Act (Canada); and
- Radiocommunication Act (Canada).

The Laws have foreign ownership limits (the Limits) for various classes of licensed or authorized entities. You can obtain a copy of the Limits from our Secretary.

The Laws also impose a number of restrictions on changes in effective control of licensees or authorized entities, and the transfer of licences held by them. RCI's Articles of Amalgamation therefore impose restrictions on the issue and transfer of its shares and the exercise of voting rights to ensure that we, and any Canadian corporation in which we have any interest, are:

- qualified to hold or obtain any cable television, broadcasting, or telecommunications licence or authorized to operate a similar entity under the Laws; and
- not in breach of the Laws or any licences issued to us or to any of our Canadian subsidiaries, associates, or affiliates under the Laws.

If RCI's Board of Directors (the Board) considers that its or its subsidiaries' ability to hold and obtain licences, or to remain in compliance with the Laws, may be in jeopardy, the Board may invoke the restrictions in our Articles of Amalgamation on transfer, voting, and issue of our shares.

ITEM 7.3 – RATINGS

Credit ratings provide an independent measure of credit quality of an issue of securities and can affect our ability to obtain short-term and long-term financing as well as the terms of the financing. If rating agencies lower the credit ratings on our debt, particularly a downgrade below investment grade, it could adversely affect our cost of financing and access to liquidity and capital.

We have engaged, and compensated, each of Fitch Ratings (Fitch), Moody's Investors Service (Moody's) and Standard & Poor's Ratings Services (Standard & Poor's) to rate our public debt issues. The table below shows the respective credit ratings on our borrowings as of December 31, 2015, each of which were affirmed in 2015.

	Standard & Poor's	Fitch	Moody's
Corporate credit issuer default rating	BBB+ with a stable outlook	BBB+ with a negative outlook	Baa1, stable outlook
Senior unsecured debt	BBB+ with a stable outlook	BBB+ with a negative outlook	Baa1, stable outlook

Ratings across the broad universe of debt instruments range from AAA (Standard & Poor's and Fitch) or Aaa (Moody's), representing the highest quality of securities rated, to D (Standard & Poor's), C (Moody's), and Substantial Risk (Fitch) for the lowest quality of securities rated.

Credit ratings are not recommendations for investors to purchase, hold, or sell the rated securities, nor are they a comment on market price or investor suitability. There is no assurance that a rating will remain in effect for a given period of time, or that a rating will not be revised or withdrawn entirely by a rating agency if it believes circumstances warrant it. The ratings on our senior debt provided by Standard & Poor's, Fitch, and Moody's are investment grade ratings.

COMPOSITION OF THE BOARD

The Board currently has 15 members.

Independent Directors

The Board is responsible for determining whether a director is “independent” within the meaning of National Instrument 58-101 - Disclosure of Corporate Governance Practices. Certain directors may be principals of, partners in, or hold other positions with entities that provide legal, financial, or other services to the Company. The Board has adopted discretionary Director Material Relationship Standards for the purpose of assisting the Board in making determinations regarding whether or not a direct or indirect business, commercial, banking, consulting, professional, or charitable relationship a director may have with RCI or its subsidiaries is a material relationship that could, in the view of the Board, reasonably interfere with the exercise of the director’s independent judgment. These standards can be reviewed in the Corporate Governance section of our Company’s website at rogers.com/investors.

Based on the information provided by each director and the recommendations of the Corporate Governance Committee, the Board has determined that the following directors are independent in accordance with the requirements of NI 58-101 and the standards referred to above. In making this determination, the Board considered all of the relationships that each director has with the Company (taking the discretionary standards referred to above and other factors the Board considered relevant into account) and concluded that none of the relationships considered would likely impair the director’s independent judgment.

As a result, a majority of the Board consists of independent directors.

Lead Director

Pursuant to the Board Charter, the Board has appointed Charles Sirois as Lead Director. The lead director facilitates the functioning of the Board independently of management of the Company and provides independent leadership to the Board. Shareholders wishing to contact the lead director may write to the Lead Director, in care of the Corporate Secretary, at the head office of the Company, 333 Bloor Street East, 10th Floor, Toronto, Ontario M4W 1G9, Canada.

BOARD COMMITTEES

The Board has seven permanent (or standing) committees. The Board may appoint special committees to deal with specific matters. A special committee might, for example, consider proposed material transactions between the significant shareholder and us or between our subsidiaries and us. In those cases, the committee would consist entirely of independent directors who have no relationship to us or to the significant shareholder other than as a director. Charters for the various Board committees can be reviewed in the Corporate Governance section of our Company’s website at rogers.com/investors.

CONTROLLED COMPANY EXEMPTION

The NYSE listing standards require a listed company to have, among other things, a nominating committee consisting entirely of independent directors. The rules permit a "controlled company" to be exempt from this requirement. A "controlled company" is a company of which more than 50% of the voting power is held by an individual, group, or other company. The Board has determined that it is appropriate for directors affiliated with the controlling shareholder to serve on the Board committees apart from the Audit and Risk Committee because of the alignment of interests between our controlling shareholder and our minority shareholders, namely the creation of value and long-term growth. Accordingly, the Board has approved the Company's reliance on the controlled company exemption.

FOREIGN PRIVATE ISSUER STATUS

Under the NYSE listing standards, a "foreign private issuer", such as the Company, is not required to comply with most of the NYSE corporate governance listing standards. However, foreign private issuers are required to disclose any significant ways in which their corporate governance practices differ from those followed by US companies under the NYSE listing standards.

Appointment of Auditors

The NYSE listing standards require the audit committee of a US company to be directly responsible for the appointment of any registered accounting firm engaged for the purpose of preparing or issuing an audit report or performing other audit review or attest services. There is an exception for foreign private issuers that are required under a home country law to have auditors selected pursuant to home country standards. Pursuant to the British Columbia Business Corporations Act, our auditors are to be appointed by the shareholders at the annual general meeting of RCI. Our audit and risk committee is responsible for evaluating the auditors and advising the Board of its recommendation regarding the appointment of auditors.

Shareholder Approval of Equity Compensation Plans

The NYSE listing standards also require shareholder approval of all equity compensation plans and material revisions to such plans. The definition of "equity compensation plan" covers plans that provide for the delivery of newly issued or treasury securities. The TSX rules provide that only the creation of, or material amendments to, equity compensation plans that provide for new issuances of securities are subject to shareholder approval in certain circumstances. We follow the TSX rules with respect to the requirements for shareholder approval of equity compensation plans and material revisions to such plans.

CORPORATE GOVERNANCE PRACTICES

The Board endorses the principle that our corporate governance practices are a fundamental part of our proper functioning as a corporation. The Board believes that these corporate governance practices enhance the interests of our security holders, employees, customers, and of others dealing with us. Our Statement of Corporate Governance Practices can be reviewed in the Corporate Governance section of our Company's website at rogers.com/investors.

ETHICAL BUSINESS CONDUCT

The Board has adopted both a Directors Code of Conduct and Ethics and the Business Conduct Policy for Directors, Officers and Employees, which we refer to as the Codes. The Codes require our directors, officers, and employees to disclose any material transaction or relationship that could reasonably be expected to give rise to a conflict of interest, among other requirements.

To ensure the directors exercise independent judgment in considering transactions, agreements, or decisions in respect of which a director has a material interest, the directors follow a practice whereby any such director with a material interest must be absent during any board discussion pertaining thereto and must not cast a vote on such matter.

Issues arising in connection with the Codes, including conflicts of interest, are reported to the Audit and Risk Committee (in the case of the Business Conduct Policy) or to the Corporate Governance Committee (in the case of the Directors Code of Conduct and Ethics), which are responsible for monitoring compliance with the applicable Code and applying and interpreting the applicable Code in particular situations. The Committees must inform the Board of any Code violation. Any waiver of a Code provision may be made only by the Board or by the applicable committee and reported to the Board.

The Codes can be reviewed in the Corporate Governance section of our Company's website at rogers.com/investors.
